SETTLERS BUY LAND

JOHNSON & KINKADE SOLD OVER \$10,000 WORTH OF REAL ESTATE.

"We have not another piece of land suitable for farming to offer for sale. We have not another piece of land we own and control in this section of the country and are looking for more land on which to place settlers. During the week just closed we sold \$10,298 worth of real estate in this section to settlers from the North, East and the South, old states, and could have sold as much more had we had the land to sell, which we did not happen to have. I have never seen such a demand for land by prospective settlers from the older states since we have been in business." These were the remarks made to the Ardmoreite man Saturday night by Col. Harvey Johnson of the firm of Johnson & Kinkade of this city.

One of the tracts of land sold by this firm was to an expert truck farmer who will settle near Ardmore for the purpose of raising vegetables and poultry for market. The tract sold to this garden man contains forty acres, the remainder of the sales were made to northern people who want to come to the new state to live and rear their families. Few of the sales were made to people who have been living in what is known as the western part of the state or old Oklahoma. The fact of the matter is that confidence in the title to the property is so manifest since statehood has been declared than before.

It means that from now on this section of the state will be the mecca for homeseekers and where heretofore you could not get one to stop to look at the lands around here, they will all stop and buy if given an opportunity.

"In nearly every case of the sales made the past week by the firm it was to people who would not have stopped had we not had statehood. The following is the schedule of the sales made and where the land is located and when made:

Monday, 160 acres, near Durant. Tuesday, 40 acres near Ardmore. Wednesday, 80 acres near Duncan. Thursday, nothing doing. Friday, 100 acres near Purcell, and 100 acres near Seulin. Yesterday 100 acres near Chickasha, 100 acres near Kemp and 100 acres near Duncan.

The following officers were elected: J. V. Faulkner of Hobart, president; A. M. Johnson of Minco, secretary. A committee on permanent organization and rules was appointed and will report Wednesday night.

There are between fifty and sixty farmers in the legislature. The organization will be planned after a similar society which was maintained during the constitutional convention.

MAY ASK FOR RECEIVER

ATTORNEY GENERAL WEST MAY TAKE ACTION ON FT. SMITH-WESTERN.

Ardmoreite Special.
Guthrie, Okla., Nov. 30.—That there is a probability of Attorney General West demanding a receiver for the Fort Smith & Western railway, incident to the company's application for a dissolution of the Oklahoma charter, is evidenced in a letter addressed to Attorney Roy Hoffman of Chandler, in which West asks the former's opinion as to whether he has legal recourse to object to the petition.

Mr. West did not discuss the matter further. In his letter he intimates that he considered the ability of such a move as indicated but has taken no definite action.

Troops at Fort Sill.

Lawton, Okla., Nov. 30.—Information received at Fort Sill from Washington, D. C., discredits the report that the light field artillery stationed at this post was to leave here for Cuba. The message states that the War Department does not contemplate the removal of the troops from Fort Sill. On the other hand it is learned from Washington that early in the spring the other portion of the First Regiment Artillery will be transported from San Francisco and joined with the batteries already at Fort Sill.

The richer a man is the easier it is for him to be about how much happier he was when he didn't have a dollar.

JAPAN QUEEN OF PACIFIC

HAS DRIVEN OTHER STEAMSHIP LINES OUT.

COMMANDS THE COMMERCE

Have Captured the Entire Ocean-Carrying Trade of China, Which Was Formerly Monopolized by British and German Lines.

San Francisco, Cal., Nov. 30.—Harvey L. Paddock, United States consul at Amoy, China, for the past two years arrived yesterday on the Pacific mail steamer Korea. That Japan is not only planning to outdistance the United States in the struggle for the commerce of the Pacific, but has already driven the steamship lines of every other nation out of the Chinese trade, was an important statement made yesterday by Mr. Paddock.

"The Japanese have captured the entire ocean-carrying trade of China from Hongkong to Shanghai," he said. "The British lines which some years ago monopolized this business are doing nothing. The same is true of the German lines. All have succumbed to the competition of the Japanese, aided by large subsidies and the low pay of the crews."

BATTLE FOR INDIAN RIGHTS

PROPERTY RIGHTS AMOUNTING TO NEARLY FORTY MILLION DOLLARS INVOLVED.

St. Louis, Mo., Nov. 30.—From \$35,000,000 to \$40,000,000 is at stake in a case that will be argued before the Federal Court of Appeals here next Wednesday. It is a suit brought to recover the alleged property rights of 2,000 persons, in whose veins Choctaw and Chickasaw blood flows. The plaintiffs claim they should be permitted to share in the common property of those tribes in Oklahoma, as well as in the tribe funds. Government lawyers and others are gathering in this city in preparation for the legal battle. The judges who will sit as the court are Walter H. Striborn, William C. Hook and Elmer B. Adams.

Charles W. Russell, Assistant Federal Attorney General, who will have charge of the Government's side, is here. James E. Humphrey, for ten years an Assistant United States District Attorney in Oklahoma arrived several days ago to consult with Russell. Webster Ballinger and Albert J. Lee, attorneys for the claimants, probably will arrive tomorrow.
